PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with strong foundation in Java, Python, and web technologies. Experienced in building responsive web applications and working on real-world projects. Passionate about problem-solving, continuous learning, and developing scalable solutions. Seeking internship opportunities to apply and enhance technical skills.

EDUCATION

B.Tech – Electronics & Communication Engineering
Chaitanya Bharathi Institute of Technology, Andhra Pradesh
2023 – 2027 | Grade: 76%

Intermediate (MPC) – 2023
Secondary School – 2021

TECHNICAL SKILLS

- **Programming:** Java, Python, C
- **Web Development:** HTML, CSS, JavaScript, Basic React, Node.js, Flask
- **Tools:** GitHub, VS Code, Google Colab, CodePen
- **Technologies:** Arduino, Embedded Systems
- **Core Concepts:** Data Structures (Basic), Front-End Development

---

PROJECTS

◈ To-Do Web Application
Developed a task management app with add, edit, and delete features using HTML, CSS, and JavaScript.

◈ **Tic-Tac-Toe Web Application**
Built an interactive 2-player game with real-time game state tracking.

◈ **Password Door Lock System**
Designed an Arduino-based security system using keypad and servo motor.

◈ **Portfolio Website**
Created a responsive personal portfolio to showcase projects and skills.

◈ **ECE Learning Portal**
Developed a website explaining digital electronics and microcontroller concepts.

INTERNSHIPS & EXPERIENCE

- **Web Development Intern – SkillCraft Technology (2025)**
  Built real-time projects and improved UI/UX and DOM manipulation skills.
- **Python Intern – CodSoft**
  Strengthened programming fundamentals through hands-on tasks.
- **Cloud Computing Intern – Internz Learn**
  Learned AWS basics including EC2 and S3.

ACHIEVEMENTS

- Smart India Hackathon 2025 Participant
- Python Badge – Kaggle
- STRATOX 2025 – India Book of World Records

ADDITIONAL INFORMATION

- Languages: English, Telugu, Hindi
- Solved 200+ problems (HackerRank, CodeChef)
- Interested in Web Development & Software Engineering
